Collect Responses

Pick Your Collection Method
Sending your survey via email? Putting a link on your blog? Collecting responses is as simple as copying and pasting a link to your survey. We even give you the option to stop collection automatically when you reach a date or response count that you specify.

Have Us Send Your Survey
You can send a survey invitation to your own email list using our simple list management tool. Track who responds to your survey, and send follow-up reminders to those who don’t. We’ll even manage opt-outs automatically for you.

Analyze Your Results

Powerful Reporting Tools
View your results as they are collected in real-time. Watch live graphs and charts, and then dig down to get individual responses. Securely share your survey results with others. Powerful filtering allows you to display only the responses you’re interested in.

Download Your Results
With one click, you can download a summary of your results in multiple formats. If you’re a statistics junkie, you can download all of the raw data you’ve collected either as a spreadsheet, or in database format. As a reminder, all the data you collect remains absolutely private.

VCPH Survey of continuing MPH students

3. Your MPH training and experience

17. What year did you commence your MPH?
   - 1995
   - 1996
   - 1997
   - 1998
   - 1999
   - 2000
   - 2001
   - 2002
   - 2003
   - 2004
   - 2005
   - 2006

18. At which university did you commence your MPH?
   - Daskin
   - LaTrobe
   - Monash
   - University of Melbourne

19. How many subjects have you completed in your MPH?
   - 1
   - 2
   - 3
   - 4
   - 5
   - 6
   - 7
   - 8
   - 9
   - 10
   - 11
   - 12
   - 13
   - 14
   - 15

20. Which specialist stream are you studying or do you intend to study?

21. What originally motivated you to enrol in an MPH? Tick all that apply.
   - To be able to do the job you had then more effectively
   - To gain a promotion within your job
   - To change your career
   - To gain employment in public health
   - To expand your knowledge about public health
   - To enter an academic career
   - To gain or increase involvement in public health research
   - To enter a higher degree by research in public health (eg PhD, DrPH)
   - To gain vocational accreditation or a Fellowship
   - To acquire specific skills
11. How did you find out about the MPH? Please tick all that apply.

Download Responses

You can download the responses you’ve collected at anytime, even while you are still receiving responses. We simply take a snapshot of your current responses, without disrupting your survey. If you are trying to retrieve a previous download, click “View History”.

Choose Type of Download

- Summary Report
  - Download a summary report of your survey that you can save or print.
- All Responses Collected
  - Download the entire response set of your survey, for importing into a spreadsheet or database.

Choose Format

- CSV Format
  - The summary is formatted as a comma delimited file.
- Spreadsheet Format
  - The summary is formatted to open with spreadsheet software.
- HTML Format
  - The summary is formatted in HTML and can be easily posted on a website.
- PDF Format
  - The summary is formatted as a PDF and can be easily printed.

Open-Ended Responses (optional)

- Include Open-Ended Responses in Download
Download Responses

You can download the responses you've collected at any time, even while you are still receiving responses. We simply take a snapshot of your current responses, without disrupting your survey. If you are trying to retrieve a previous download, click "View History".

Choose Type of Download

- Summary Report
  - Download a summary report of your survey that you can save or print.
- All Responses Collected
  - Download the entire response set of your survey, for importing into a spreadsheet or database.

Choose Format

- Spreadsheet Format
  - The data is formatted to open with spreadsheet software. Choose the options below to change how the spreadsheet columns are exported. Please note that if the exported data exceed the limits in less than 255 columns, it will be split into multiple files.
    - Columns: "Condensed" option is available.
    - Cells: "Actual Choice Text", "Actual Choice Text", "Numerical Value" etc.

- Relational Database Format
  - A relational database view of your data with a separate file created for each database table. Knowledge of SQL (Structured Query Language) is necessary.
