Foreword

The GameChanger 2021 (#GC2021) initiated commencing 2021 is to increase our publications to be contributed by multi-national authors. We believe the initiative would tremendously increase the chances for those publications to be indexed by more reputable indexing bodies, such as Scopus. As such, commencing 2021 only multi-national authored contributions shall be accepted for publications.

Anticipating it could be a daunting task among authors to include other nationals as co-authors from abroad, a list of global potential co-authors was displayed on the conference web. It is hoped that the authors could network, ultimately contributing their papers together. Additionally, to encourage the submission of multinational-authored papers, we offered free annual Grammarly Premium Licenses (worth USD139.90 / license) to the first approved 40 Early-bird papers to be received.

Commencing 2021 also, all the conferences shall be hybrid, whereby presenters shall be allowed to present both Face-to-Face and virtually online.

This 9th AicQoL2021BukitTinggi (AMER International Conference on Quality of Life), our 33rd international conference to be organised, managed to attract an overall total of 54 numbers of approved abstracts, contributed by authors from 13 countries, namely Afghanistan, Finland, Hong Kong, Indonesia, India, New Zealand, Malaysia, Mexico, Nigeria, Portugal, Saudi Arabia, Turkey, and United Kingdom.

The abstracts approved were ultimately transformed into 37 approved full papers, a return of 69%, into 18 categories (though the papers could be easily placed within other categories). In terms of the top 3 categories of popularity, the Health/Healing Environment was the most popular with 6 papers followed by Educational/Learning Environment (4 papers), and Legal Matters, Transportation/Travelling Environment, and Urban Environment (3 papers each).

The Association of Malaysian Environment-Behaviour Researchers (AMER), the main organiser, with the co-organisers, ABRA and cE-Bs, FSPU, UiTM, congratulate all contributors for making the conference a tremendous success!

Hopefully this conference will inspire and encourage more researchers to participate in our forthcoming serial conferences later this year, which shall include the following:-

10th AicE-Bs2021Venice, Italy, 25-26 Aug 2021

5th AQoL2020Marrakech, Morocco, 15-16 Dec 2021

Thanks again for your continuous support as always, and hope for an enlightening conference !

About the Conference

Background

The AMER (ABRA Malaysia) support for the AcE-Bs and AicE-Bs conferences, initially organised by the Centre for Environment-Behaviour Studies (cE-Bs), FSPU, UiTM, Malaysia, and co-hosted by international colleagues within the Environment-Behaviour (EB) disciplines, have been held and planned to be away from Malaysia, worldwide. There is a need for an annual serial internationally very relevant behavioural-themed conference in/nearby Malaysia, not only for the benefit of AMER / ABRA local members who could not participate at the AcE-Bs and AicE-Bs conferences being held worldwide, but also for potential international participants who would like to present their papers in/nearby Malaysia. What behavioural-themed can be most relevant affecting all nations than the QoL (Quality of Life)?

Thus, the timely and relevance of the Annual Serial Landmark International (ASLI) Conferences on QoL, back-to-back. The AicQoL, AMER International Conference on Quality of Life shall be held at the ASEAN venues, while the AQoL, ABRA International Conference on Quality of Life shall be held in non-ASEAN countries. AicQoL is also strategized to coincide with AMER's AGMs.

ABRA

Association of Behavioural Researchers on Asians / Africans / Arabians

<https://amerabra.org>

Upon tremendous responses shown by researchers involving behavioural studies on Asians living in both Asian and non-Asian countries presented during the AcE-Bs / AicE-Bs conferences held since 2009, the formation of ABRA, an international organisation was considered necessary and timely.

To propel further internationalisation, the cE-Bs had during AicE-Bs 2010 Kuching, Malaysia, 7-9 December 2010 mooted the idea for the formation of an international organisation, ABRA (Association of Behavioural Researchers on Asians). Following the successful registration of AMER, and further interest expressed by representatives from several countries during the recent AcE-Bs 2012 Bangkok, a formal meeting amongst ABRA representatives was held during AicQoL2013Langkawi.

ABRA was finally formalised as an international research organisation by the Malaysian Registrar of Societies on 20th October 2014, with AMER as the Permanent Secretariat, headquartered in Shah Alam, Malaysia.

Since Jun 2020, ABRA is represented in 10 countries worldwide namely, Egypt, India, Indonesia, Iran, Malaysia, Morocco, Nigeria, Saudi Arabia, Taiwan, and Turkey. One benefit in becoming an ABRA member is the huge discount given to members who attend forthcoming activities to be organized. The discount given to members would more than pay back members' annual fees.
