Subject: [ICEP2016] - Notification of Acceptance for Paper ID: 165

Dear Zhihang Zhao,

We are pleased to announce that your paper titled "Solar Thermal Energy with Molten-salt Storage for Residential Heating application" has been **provisionally** accepted to the proceedings of the 1st International Conference on Energy and Power (ICEP2016).

We have included the reviewers' comments at the end of this message. If reviewer has recommended any changes for final acceptance for publication, please revise your manuscript accordingly. In order to secure your inclusion in the conference proceedings you must now fully address the reviewer comments in a revised paper and authors must submit the corrected manuscript incorporating all the reviewers' comments by the given deadline. When you submit your revised paper please quote your unique paper ID number (e.g., **001**) in the subject line of the email. 'Response to reviewers' comment' can either be typed into the reply email or can be sent as a separate PDF file named as 'response to the reviewers' comments' for each corrected paper.

- Submit your Corrected Manuscript via email as attachment in both Word and PDF format to: icep2016@rmit.edu.au.
- Please name your files using your submission ID_corrected. For example: if your submission ID is 130, then name your Corrected Paper as '130_corrected.pdf' and for the "130_response to the reviewers.pdf" for the author's response.

It is extremely important that all papers follow the [template guidelines](#) as provided. Please pay special attention to use the **correct referencing style**, the **correct font styles** and **correct formatting (including figures and tables)** and **no paper can exceed six (06) pages in length**. An MS Word Template is

attached for your convenience.

Please note that section editors will check all re-submissions including the **paper format** and any papers that fail to properly address the reviewer comments will not be published.

Please be aware that we are only sending our correspondence to the corresponding author. Please circulate this message to your co-authors if appropriate. At least one author for each paper must be in attendance at the conference for the work to be included in the proceedings. Conference registration is already open online. Please visit [conference website](#) for updated information.

We wish you good luck in revising your paper, and look forward to receiving your final (Camera Ready) submission prior to **10 October 2016**.

Yours faithfully,

Dr Harun Chowdhury

On behalf of the organising committee of the ICEP2016

Reviewers' comments:

Nice paper, suitable for the conference. However, authors **MUST** follow the specified format to be accepted for the conference.

Following corrections required:

Title: Fix the format (Capitalize first letter)

Corresponding author: information is missing in page 1 at the bottom (see the template)

Figures: Quality need to be improved, use good quality image for fig. 6.

List of References: Fix the format of all references in accordance with the appropriate referencing style indicated in the [Paper Template](#).
