**Meet Our New Friend...**

 **MailChimp**

MailChimp provides do-it-yourself **email marketing services** to over 10,000 customers worldwide. Create

**The simple way to create surveys.**

Intelligent survey software for primates of all species. SurveyMonkey has a single purpose: to enable **anyone** to create professional online surveys quickly and easily. Find out what everyone is [talking about](#).

**Design Your Survey**

**Powerful Survey Designer**

Using just your web browser, create your survey with our intuitive survey editor. Select from over a dozen [types of questions](#) (multiple choice, rating scales, drop-down menus, and more...). Powerful options allow you to require answers to any question, control the flow with custom skip logic, and even randomize answer choices to eliminate bias.

[View Example Survey](#)

**Complete Creative Control**

You can change the color, size, and style of any element in your survey. Upload your own logo, and save custom themes to use on all your surveys. There is never any branding or advertisements, so your surveys will always have a clean and professional appearance.

**Collect Responses**

Start | Eudora - [In] | Surveys | Adobe Acrobat Stand... | SurveyMonkey.co... | Microsoft Photo Edito... | Microsoft PowerPoint... | Internet | 10:07 PM

MailChimp provides do-it-yourself **email marketing services** to over 10,000 customers worldwide. Create professional, eye-catching HTML emails in minutes.  
[More about MailChimp](#)

### Collect Responses

#### Pick Your Collection Method

Sending your survey via email? Putting a link on your blog? Collecting responses is as simple as copying and pasting a link to your survey. We even give you the option to stop collection automatically when you reach a date or response count that you specify.

#### Have Us Send Your Survey

You can send a survey invitation to your own email list using our simple list management tool. Track who responds to your survey, and send follow-up reminders to those who don't. We'll even manage opt-outs automatically for you.

### Analyze Your Results

#### Powerful Reporting Tools

View your results as they are collected in real-time. Watch live graphs and charts, and then dig down to get individual responses. Securely share your survey results with others. Powerful filtering allows you to display only the responses you're interested in.

[View Example Report](#)

#### Download Your Results

With one click, you can download a summary of your results in multiple formats. If you're a statistics nut, you can download all of the raw data you've collected either as a spreadsheet, or in database format. As a reminder, all the data you collect remains absolutely private.

## Download Responses

[View Download History](#)

You can download the responses you've collected at any time, even while you are still receiving responses. We simply take a snapshot of your current responses, without disrupting your survey. If you are trying to retrieve a previous download, click "View History".

### Choose Type of Download

- Summary Report**  
Download a summary report of your survey that you can save or print.
- All Responses Collected**  
Download the entire response set of your survey, for importing into a spreadsheet or database.

### Choose Format

- Spreadsheet Format**  
The data is formatted to open with spreadsheet software. Choose the options below to change how the spreadsheet columns are exported. *Please note that if the exported data cannot fit in less than 255 columns, it will be split into multiple files.*  
 Columns:   
 Choose whether question choices are condensed or expanded to fit one or multiple columns.  
 Cells:   
 in the spreadsheet.
- Relational Database Format**  
A relational database view of your data with a separate file created for each database table. Knowledge of SQL (Structured Query Language) is necessary.
