Revised Catalogue of

HUDSON'S

*"Perfection"
Doors*

Catalogue
No. 60

George Hudson Limited take pleasure in presenting this Catalogue, showing the result of their labours, feeling confident it will prove of help and assistance to the trade.

Any special design required can always be made to order from a sketch or detail.

Be explicit when ordering and do not assume that we know what you want.

Doors Nos. D103, D105, D106, D110, D113, D114 can be ordered in No Moulds, Solid Double Moulds, or Splayed Rails.

The generally acknowledged superiority of Hudson's "Perfection" Doors is due to the use of Kiln Dried Timbers only, to the perfect and most up-to-date equipment of our Mill, and to the very careful supervision throughout the whole process of manufacture.

Although we claim the very high standard of quality in our Doors, we seek always to raise it by increased skill in workmanship, and by the acquisition from time to time of the latest improved machinery and appliances.

George Hudson Ltd.

HUDSON'S
"Perfection"
Doors

"It Costs Less to Use the Best"

Our Door-making Plant is the largest and most up-to-date in the Southern Hemisphere. Our capacity is 2,000 Doors per day.

Hudson's "Perfection" Doors are manufactured from the best Kiln-dried Edge Grained Selected Oregon and Redwood, with improved damp-proof slash grain panels, and are unsurpassed in quality.

Our process of Dowelled and Tenoned Doors is recognised as the most perfect and reliable in the world.
