PRICE LIST M.100—1/3/1938

ALL PREVIOUS LISTS CANCELLED

TERMS AND CONDITIONS

PRICES ARE STRICTLY NETT and are subject to alteration without notice.

SALES TAX.—All prices shown in this list are **FREE OF SALES TAX.**

CASES AND PACKING are extra. No allowance is made for returned empty cases.

CARTAGE.—Deliveries by our own lorries are charged for at current rates.

FREIGHT is not prepaid unless under buyers' instructions.

INSURANCE.—Where goods are sent by sea, clients are requested to specify whether insurance is to be effected under an open policy, otherwise insurance by us with the premium chargeable to the client is implied. When goods are delivered on rail or steamer our responsibility ceases. Claims for damages during transit should be made against the Railway or Shipping Authorities concerned.

NEW CLIENTS are requested to forward Cash with their first order to save delay. Overseas clients should establish a Letter of Credit.

STOCK SIZES.—The prices herein are for materials in stock sizes. Should cut sizes be required a charge is made for cutting, also the waste entailed.

OBSOLETE PATTERNS.—Patterns that are not illustrated in Catalogue M99, M93 or M91 can still be supplied, subject, however, to an initial charge of from £2 to £3 to cover the cost of special manufacture.

STANDARD FINISHES

Steel Ceiling and Wall Lining materials are supplied, primed on both sides with a protective film of oil paint. Zinc and Galvanised materials are supplied unpainted.

GALVANISED CEILING MATERIALS

For use as Awning Ceilings and in positions where the material is constantly exposed to the weather, many **WUNDERLICH CEILING (AND WALL LINING) PATTERNS** are supplied in **GALVANISED STEEL** (unpainted).

These patterns are illustrated in Catalogues M. 99 "Wunderlich Metal Ceilings and other Manufactures in Stamped Metal," M. 91 "Recent Additions to the Range and Design in Wunderlich Ceilings," M. 93 "Wunderlich Metal Ceilings," and are marked with an asterisk, e.g., No. 1705*.

Prices for **GALVANISED STEEL** Ceiling materials are in **excess** of those shown on the previous pages of this Price List relating to Plain STEEL materials, and are based on the following:—

DIAPERS, PANELLINGS, BORDER SHEETINGS, COMBINATION BORDER AND MOULD SHEETINGS, AND WALL LININGS in the 6ft. x 2ft. size.

Priced at an advance of 1/- per sheet on the list rates for plain steel.

PANELS (including 2ft. x 2ft. and 3ft. x 3ft.), also SHEETINGS (6ft. x 3ft.).

Priced at an advance of 25% on the list rates for plain steel.

CORNICES, MOULDINGS, SOFFITS, AND FRIEZES.

Priced at an advance of 20% on the list rates for plain steel.

COMBINATION BORDER AND MOULDINGS, Nos. 1508 and 1680, also BORDER 1406, in widths of 9in., 12in., 15in., and 18in.

Priced at an advance of $\frac{1}{2}$ d. per inch width on steel rates.

Delivery of Galvanised Ceiling Materials

To ensure satisfactory delivery, clients are requested to give us the earliest possible notice of their requirements.

STEEL MOULDINGS

BOSSSES: We supply Steel Bosses for covering the intersections of Mouldings.

PRICES: These Bosses are priced at the rate of one lineal foot of the Moulding for which they are required.

HOW TO ORDER: When ordering Steel Bosses, please specify:—

- (a) **CORNER** (if required for a Right-angled Intersection).
- (b) **TEE** (if required for a Three-way Intersection).
- (c) **CROSS** (if required for a Four-way Intersection).
- (d) **OCTAGONAL** (if required for an Octagonal Intersection).

	1649	-/4 1/2 sq. yd.	Felt in Rolls of 56-yds. x 36" wide,	for lining Metal Ceilings.	

PRICES FOR COMPLETE CEILINGS— —MATERIALS ONLY UNFIXED—

The following Design Rates for complete Steel Ceiling Treatments, illustrated in our Catalogue M 91, enable clients to calculate readily the total price for similar designs in rooms of any size. The prices give a rate per square yard for the ceiling; **exclusive of the cornice**; the cornice is **extra** and the catalogue number of the cornice chosen must be specified by the client. For prices, see page 5.

These design rates cover the necessary Wunderlich Ceiling material, including sufficient $\frac{7}{8}$ in. x 16-gauge nails for fixing the ceiling, and ample material to provide for any waste involved in cutting. Steel ceilings are invariably used for rooms, whilst Galvanised Steel Ceilings are essential for awnings.

In addition, we supply a working drawing, showing the correct set-out of the battens and metal materials to the specified area. When ordering, clients should furnish a rough plan of the room to be ceiled, showing the direction in which the ceiling joists run and projections such as chimney breasts, piers, etc.

The following prices are based on an average sized room, and may vary slightly with different areas and irregular shapes.

Ceiling of No. 1774-75 illustrated on page 12 of Catalogue M 93. Steel, 3/6 per square yard.

Note: Cornices, Wood Brackets, and Mitre Leaves extra—see page 5.

The foregoing prices allow for the use of Combination Border and Moulding, No. 1508 or No. 1680, where Border and Mould treatments are illustrated in catalogue.

Beautiful —
Permanent —
Inexpensive —

THE new Wunderlich patterns in Metal Ceilings meet the present day demand for simplicity in design. They combine flat surfaces and well-defined angles, with crisp, modelled relief, and are appropriate for awning, shop or office ceilings, as well as for modern homes or apartments.

Wunderlich Ceilings — unlike brittle materials — will not crack or fall, they are fire-retardant and, once erected, the upkeep cost is virtually nil.

Remember, a Wunderlich Ceiling is easily and quickly erected right over stained, cracked, or unsightly old ceilings of wood or plaster, without even removing the existing ceiling, and without dirt or bother.

Ask for designs and a quotation for supplying and fixing a Wunderlich Ceiling to suit the area of any room, or visit our Showrooms and examine the many Ceiling Designs in situ.
