*Come out of
that **HOT KITCHEN!***

MORE TIME TO YOURSELF . . .
 WITH AN
ElectrICE
 REFRIGERATOR

Every woman knows that the continual thrice-daily preparation of meals is the most arduous and difficult of all house-keeping tasks . . . but she can reduce the work and worry to a minimum and **SAVE MONEY AS WELL** with an ElectrICE refrigerator.

Get out of that hot kitchen more often. Serve the dainty, healthful meals that an ElectrICE makes possible. Prepare them **IN THE MORNING** and serve them in the evening—you'll have the whole afternoon to yourself. *Cut down* the number of shopping trips by buying larger quantities of perishable foods. *Save* the expense of that heavy ice bill. *Save waste* of food—*save left overs* for future use. In these and other ways an ElectrICE refrigerator will help to *pay for itself* and *save you hours of time*. A size to suit every family. Let us show you . . . !

The most popular Refrigerator in Australia

The ElectrICE refrigerator you buy to-day is the improved version of over 40,000 previous refrigerators which have been designed and built in Australia's largest refrigeration engineering works.

It is designed for the Australian housewife working in Australian conditions. It is guaranteed by an organisation that employs 1,200 Australian men and women and over £1,000,000 of capital. Its quality—its efficiency—its beauty and its economy are unsurpassed by any refrigerator of whatever origin selling at or near its prices.
